

MTCA Cleanup Regulation Update: the road ahead

This roadmap shows tentative agenda topics for the multiple committees advising Ecology's Toxics Cleanup Program as we update the MTCA rule and integrate the MTCA & SMS rules.

		MTCA/SMS Advisory Group (meets approximately monthly)	Sediment Workgroup (meets approximately monthly)	Science Panel (meets quarterly)	Other possible <i>Ad hoc</i> workgroups
2009	Nov	11/20/20 <input checked="" type="checkbox"/> Joint Kickoff meeting Overview of MTCA & SMS issues	11/20/09 <input checked="" type="checkbox"/> Joint Kickoff meeting Overview of MTCA & SMS issues	11/23/09 <input checked="" type="checkbox"/> ▪ Early Life Stage Exposure ▪ Vapor Intrusion ▪ (Inhalation Risk)	
	Dec	12/18/09 <input checked="" type="checkbox"/> ▪ Sediments: Human Health & Background ▪ Vapor Intrusion ▪ Remedy Selection	12/2/09 <input checked="" type="checkbox"/> ▪ Freshwater Standards ▪ Human Health & Background		
2010	Jan	1/11/10 <input checked="" type="checkbox"/> ▪ Background Concentrations ▪ Institutional Controls & Periodic Reviews ▪ Cleanup standards & toxicity	1/7/10 <input checked="" type="checkbox"/> ▪ Human Health & Background		
	Feb	2/22/10 – CANCELLED: topics rescheduled	1/28/10 <input checked="" type="checkbox"/> ▪ Human Health/Background ▪ Ecological risk from bioaccumulatives		Planning begins for a vapor intrusion workgroup
	Mar	3/22/10 ▪ Updated Roadmap ▪ Method A updates (toxicity-related issues) ▪ Early life exposure to B[a]P ▪ Lead cleanup levels	3/16/10 <input checked="" type="checkbox"/> ▪ Human Health & Background, focusing on implementation –related issues ▪ Statistics	3/25/10 ▪ Early Life Stage Exposure ▪ Inhalation Risk Equations ▪ Addressing new toxicity data	Ecology identifies risk issues for potential workgroup input
	Apr	4/26/10 ▪ Sediments: human health & background ▪ Fish consumption rates ▪ Method A updates, toxicity (continued) ▪ MTCA framework: exposure pathways	4/20/10 rescheduled • Human Health & Background (continued) • Freshwater Standards		Vapor workgroup forms
	May	5/24/10 ▪ Sediments: Integrating MTCA & SMS ▪ Freshwater Sediment Standards ▪ Method A updates, toxicity (continued) ▪ Other topics tbd	5/2/10 ▪ Human Health & Background ▪ Freshwater Standards ▪ Other Deleterious Substances		Vapor workgroup meets approximately 3 times between April & June
	Jun	6/21/10 ▪ Sediments: joint discussion with Sediment Workgroup ▪ GW to SW ▪ Vapor intrusion framework ▪ Other topics tbd	6/2/10 Tentative ▪ Human Health & Background ▪ Bioaccumulation/Ecorisk 6/21/10 ▪ Joint discussion with Sediment Workgroup on human health & background, Integration	Date tbd (topics tentative) ▪ Previous topics continued ▪ Ecological Risk updates ▪ Freshwater Standards – SQV Technical Report	
	Jul	Date tbd: additional meeting Make up meeting; topics depend of previous discussions			

Dates and topics are subject to change; please verify by checking the web site: www.ecy.wa.gov/programs/tcp/cleanup.html
